

Safety Data Sheet Summary - Polyglycol ether frother (DF-250 type)

Site summary for demonstration. Refer to the supplier SDS for the authoritative document.

SDS sections

Parameter	Value
1. Identification	Polyglycol ether frother (DF-250 type); use: Alternative frother (not specified for TK-4511)
CAS No.	37286-64-9
Formula / type	Polypropylene glycol methyl ether
2. Hazards identification	Combustible, flash point >100 degC; eye irritant
4. First aid	Remove to fresh air; flush eyes and skin with water for 15 minutes; seek medical attention.
5. Fire fighting	Dry chemical, CO2 or foam. Do not use water jet on burning xanthate.
7. Handling and storage	Store cool and dry, away from acids and ignition sources; keep containers closed.
8. Exposure controls	Local exhaust ventilation; chemical goggles; nitrile gloves; respirator where exposure limits may be exceeded.
