

Safety Data Sheet Summary - Anionic polyacrylamide flocculant

Site summary for demonstration. Refer to the supplier SDS for the authoritative document.

SDS sections

Parameter	Value
1. Identification	Anionic polyacrylamide flocculant; use: TH-5101 / TH-6101
CAS No.	9003-05-8
Formula / type	PAM
2. Hazards identification	Low toxicity; spills extremely slippery
4. First aid	Remove to fresh air; flush eyes and skin with water for 15 minutes; seek medical attention.
5. Fire fighting	Dry chemical, CO2 or foam. Do not use water jet on burning xanthate.
7. Handling and storage	Store cool and dry, away from acids and ignition sources; keep containers closed.
8. Exposure controls	Local exhaust ventilation; chemical goggles; nitrile gloves; respirator where exposure limits may be exceeded.
